

DO IT RIGHT
BASEBALL
Chicago's Best Baseball Training

Justin Stringer
President
Head Instructor

Dear Parents, Players, and Friends,

Registration is now underway for all of our 2008 summer programs. This year we will be hosting eight weeks of week-long baseball camps starting the week of June 16th at two locations, Horner Park and Oriole Park. Each separate week of baseball camp will run Monday-Friday from 9am-3pm and be open to players ages 6-14.

These week-long camps are designed to incorporate communication, cooperative learning, and teamwork skills into daily core fundamental training to create a fun stress-free learning environment. Structured game play during each day allows instructors to teach the game while players learn how to compete against each other and play with one another. The values of the game such as hustle, desire, respect, and sportsmanship will be taught daily.

We are proud to announce that this year we will also be hosting two weeks of week-long girls softball camps. These camps are open to girls ages 6-14 and will run Monday-Friday from 9am-3pm at Horner Park. The same values of hustle, desire, respect, and sportsmanship that are stressed in our baseball camp will also be the focal point in our softball camps as well. Our softball camps will provide girls with a better knowledge of core softball fundamentals and provide more confidence in game situations.

We are also extremely busy during the late spring and summer with private, group, and team lessons. These lessons provide players with professional training in a one-on-one or small group setting to allow maximum time for specific skill building such as hitting, pitching, and fielding. These lessons can vary from the young and inexperienced player looking for a fun fast-paced skill building lesson or the older more experienced player looking to focus on specific areas of baseball. Team lessons can be booked at your park during one of your practices. We will provide professional instructors who will run a fun structured practice that can focus on anything from fundamental skill building to advanced game strategy.

For more information on any of our programs or to register please visit www.doitrightbaseball.com or call us at 773-307-1822. We look forward to another great summer of baseball in Chicago and we hope to see all of you out at the parks this year.

Keep working hard,

Justin Stringer
